

A large grid table with rows labeled 70, 80, 90, 100, 110, 120, and 130, and columns labeled 90, 100, 110, 120, 130, 140, 150, 160, 170. The grid contains a dense pattern of characters and symbols, including spaces, percentages, hashes, exclamation points, plus signs, asterisks, slashes, parentheses, and dollar signs. The characters are arranged in a way that appears to be a binary or ASCII-based representation of an image, with some characters being highlighted in darker colors (black or dark gray) against a lighter gray background.
